A. H. Smith, Secretary of Washington Co. Ag.
Society, Thursday, Dec. 1, 1888.

"Profitable dairying does not mean loss of earnings from forced feeding," said Mr. G. M. Gowell, the noted dairy authority, a farmer's institute.

Prof. Starnes, formerly of New Hampshire, now at Missouri Agricultural College, says that he cannot perceive that farm capital is being much better paid in the West than in the East.

The Dairy Conference to be held next week at Oakland, is attracting wide attention from dairymen and promises to be an occasion of interest. We shall give a full report of the exercises in the *Farmer*.

Potatoes are very low in price at Prince Edward Island. The best quality of Hebrews sell at 18 cents per bushel, though new farmers are taking such low prices, preferring to store them.

Price of American apples at Liverpool, Baldwin, \$3.04 to \$3.25; Northern Spy, \$3.04 to \$3.16; Red Delicious, \$2.85 to \$3.25; Jonathans, \$2.91 to \$4.05; Greenings, \$3.04 to \$3.25; Boston Baldwin, \$2.61 to \$2.75.

Prof. Starnes says that notwithstanding the losses incurred by scientific investigators by those who affect to despise that class of teachers, it may be noted that those self-styled practical men have offered more fancy speculations in two or three years than the action of a single science would care to be responsible for.

Critical markets complain of a frosty flavor in the late receipts of apples. It is conjectured that the frost has damaged the crop largely and that the price will be lower than the original estimate. Dairymen have to learn that if they will not have to meet food costs. The flavor of the product come from the food consumed.

Every fore-hand and prosperous farmer who has children of proper age, and a fairly good soil should have an acre near the house in fruit and vegetables in long, clean rows, under horse cultivation," says W. I. Chamberlain, in the *Country Gentleman*. "It is a good idea to choose what may be grown for the people who are nourishing and healthful besides being appetizing. Their free use will save many a grocer's and doctor's bill, to say nothing of the healthfulness of such bills of fare."

Potatoes are bringing very satisfactory prices in all the markets throughout the State. As a consequence, farmers are selling and delivering as freely as the bad condition of the roads will allow. It is to be hoped that lower prices will prevail in the coming season, greatly increasing the receipts of the State.

It is to be hoped that lower prices will prevail in the coming season, greatly increasing the receipts of the State.

When dry it is a valuable absorber and deodorizer.

It makes excellent packing for the winter, and is a valuable addition to the property. Through Thompson, Warren, Union, Hope, and Canaan, back to Rock.

It is a valuable addition to the property.
